

# CONSULT DB

## for rapid profit improvement of your business

Consult DB has 40 years experience of providing specialist provision of quality, Business Improvement/Turnaround, Mentoring, Interim Management and Recycling services for businesses in the Process, Petrochemicals, Plastics, Recycling and Manufacturing Industries.

### BUSINESS IMPROVEMENT/TURNAROUND

Consult DB offers a professional, rapid and sustainable Business Turnaround service for people looking to make step change improvements in their business profitability, efficiency and service in the areas of **Health and Safety, Absenteeism, Quality, Customer Service, Labour Efficiency, Operating Standards, Plant Efficiency, Energy Efficiency, Purchasing and Capital Projects**. Each client receives a personal quality service, tailored to their individual needs resulting in a robust, action driven plan to increase profits and reduce costs in a short timescale.

### PLASTICS RECYCLING

Consult DB provides a detailed plastics recycling advice service to those people who are already in the sector or who want to enter the plastics recycling arena, whether for recycling clean or post use waste. Existing processes can be improved quickly and new plants can be designed, built, brought on stream efficiently and reliably, from the management, operational, maintenance and design points of view.

### MENTORING and/or INTERIM MANAGEMENT

Consult DB offers a mentoring and/or interim management service to help clients achieve rapid improvement in their businesses and factories. The service is tailored to the client and can cover all aspects of business and factory management such as highlighted above.

Good business, factory and engineering management is essential to the profitability, growth and sustainability of all manufacturing and recycling businesses. This is why Consult DB offers targeted advice and guidance in these critical areas of performance management procedures and techniques, thus assisting clients in focusing management and staff on those vital areas that increase profits. Having achieved success in these areas consistently for nearly 40 years, it is a pleasure to help clients succeed!
